

An Informative Full-day Seminar:

MIO SHA Construction - Part 45 Fall Protection

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIO SHA).

2 MIO SHA Training Institute

MIO SHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIO SHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Attendees at this training will review the MIO SHA Part 45, Construction Safety Standard for Fall Protection including the latest OSHA and MIO SHA interpretations. Examination of recent fatal falls in construction and discussion of the latest fall protection techniques for construction will be covered. This class will also cover fall exposures for residential construction and MIO SHA fall protection criteria.

Agenda

We offer a flexible program agenda to emphasize the construction topics you want most.

- ▶ Introduction to MIO SHA
- ▶ Part 45 Scope and Table of Contents
- ▶ Part 45 Rules
- ▶ Fall Protection Equipment

Required Class for
Construction Level One
MTI Certificate

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Tom Hansen is a Construction Safety Consultant for southcentral Michigan counties, including Oakland. Tom worked as a Construction Safety and Health Division field inspector for more than eight years before joining the CET Division of MIOSHA. Inspecting jobsites for compliance with safety standards, investigating construction accidents, and testifying on behalf of the State in court cases are just a few of the roles he has served. Tom also represented the Construction Division on MIOSHA's Safety and Health Advisory Committee for more than six years.

Tom is a journeyman bricklayer by trade, having served an apprenticeship with the Bricklayers and Allied Craftworkers MI Local. As a tradesman, he was fortunate to work on high profile jobs such as the Hall of Justice in Lansing and the Breslin Center at MSU. Tom has an Associate's of Applied Science and a Bachelor's of Science degree. His collective experiences working in the trades and with MIOSHA's construction safety standards have well prepared Tom to pass along his passion for safety in the workplace.
